Subject: Hilti KWIK HUS-EZ I and ICC-ES ESR-3056 label

To whom it may concern,

Hilti KWIK HUS-EZ I internally threaded screw anchors have a valid ICC-ES evaluation report, ESR-3027, as of the date of this letter. Hilti KWIK HUS-EZ hex head screw anchors have two valid ICC-ES evaluation reports, ESR-3027 and ESR-3056.

Hilti recently discovered the product packaging of the KWIK HUS-EZ I with internal thread has ESR-3027 and ESR-3056 printed on the labels. This was an oversight on our part and we have corrected the packaging labels to only show the valid ICC-ES evaluation report number, ESR-3027. Note that per ICC-ES, the KWIK HUS-EZ I with internal thread is not approved by ICC-ES to carry the ESR-3056 report number.
